## CHRISTIAN WOMEN'S JOB CORPS

Christian Women's Job Corps® (CWJC) is a ministry initiative of Woman's Missionary Union. Women Equipped is one of five Arkansas CWJC sites offering Bible study, career-focused classes, communication/computer/life skills training, and Journey Partner (mentor) relationships for women 18 years of age and older.

CWJC is for women who desire to make a life change; are willing to participate in Bible study; commit to attend classes for 12 weeks; and have a willingness to work with the Women Equipped leadership and teachers to achieve goals.

The Women Equipped CWJC site is located in Benton and is led by godly women whose lives are invested in seeing women be transformed by Christ. The Cooperative Program helps Arkansas WMU Christian Women's Job Corps® sites with training for site leaders and with purchasing needed equipment and resources for site classes.

**PRAYER POINTS:** New classes start February 8, 2022. Pray for students to commit to the 12 weeks of classes. Pray they will be open to the Lord's calling on their lives. Pray that Women Equipped will develop a powerful praying team for the site and all participants, teachers, and volunteers. Pray for discernment and wisdom for pairing participants with journey partners (mentors). Pray that all Women Equipped teachers, students, journey partners, and volunteers would open their hearts for all the great opportunities Christ will provide.

When you give to your church, you give to missions through the Cooperative Program, bringing the Good News to the whole world.
